Unlearn. Relearn. Grow.

School teaches them to pass. No one teaches them to cope.

WHAT SCHOOL TEACHES

- ✓ Maths
- ✓ Science
- ✓ Reading
- ✓ Exams

WHAT LIFE DEMANDS

- ○ Name a feeling
- ○ Say no, and mean it
- ○ Stay safe online
- ○ Ask for help

For children growing up in care homes, there is often no one to close this gap. That is the gap The Equal Lens exists to fill.

A life skills programme children feel, not sit through.

An 8 session guided programme for children aged 5 to 16. 100 minutes, once a week, for eight weeks. Children build empathy, confidence, body safety, fairness, and how to understand their feelings. Not from lectures, but from play, stories, and real talk with Lensy, their friend and guide.

Kind Humans

Looking back and celebrating

One arc, from knowing yourself to looking out for others. Each theme is a skill they keep for life.

A new theme every week

The same rhythm, every single week.

10 min

Story Time

A short story opens the session and brings in the theme for the week.

15 min

Big Question

Children talk about a real life moment in small groups. Gentle, guided talk.

60 min

Game or Activity

A hands on game, role play, or card activity where children learn by doing.

10 min

Reflect and Share

Each child shares one thing they are taking home today.

5 min

Mission Card

A small task to try at home with family or friends.

10 + 15 + 60 + 10 + 5 = 100 minutes.

Your facilitator gets a full, step by step guide before every session.

Real skills for life. Not a test score.
