Raising Kinder Human Beings.

An 8-session life-skills journey for children, taught through play, stories and real conversation.

For NGOs · Schools · Child-Care Organisations

Unlearn. Relearn. Grow.

WHAT IS THE EQUAL LENS?

A life-skills programme children actually feel.

An **8-session guided life-skills programme** for children aged 5 to 16. One hour, once a week, for eight weeks.

Children build empathy, confidence, body safety, fairness and emotional intelligence: not through lectures, but through play, stories and real conversation, led by **Lensy**, their guide through the journey.

8 Weekly sessions

60 Minutes each

5–16 Age groups covered

₹0 Cost to your organisation

WHY THIS MATTERS

School teaches them to pass. We teach them to live well together.

Maths and science are taught every day. Empathy, consent, body safety, speaking up and fairness are mostly left to chance, and to whoever happens to be in a child's life.

The Discovery Program closes that gap, for every child, through play rather than lectures: real skills, for life, not a test score.

THE 8-SESSION JOURNEY

One hour. One theme. A new chapter every week.

INSIDE ONE SESSION

60 minutes. No lectures. Engaged from minute one.

1	**Story Time**	A short story opens the session and introduces the week's theme.	10 min
2	**Big Question**	Children discuss a real-life scenario in small groups: guided conversation.	15 min
3	**Game or Activity**	A hands-on game, role-play or card activity where children learn by doing.	20 min
4	**Reflect & Share**	Each child shares one thing they are taking home from today.	10 min
5	**Mission Card**	A small weekly challenge to practise at home with family or friends.	5 min

Your facilitator receives a complete, step-by-step guide before every single session.
